Stock photo

The Erie Rise Leadership Academy Charter School is committed to maintaining academic quality and providing students an excellence education. This Re-entry Plan is presented to identify the goals for teaching and learning as we move into the 2020-2021 school year. The plan defines procedures, expectations and protocols for continued education for our students in all possible Pennsylvania reopening phases (Red, Yellow, Green).

# A MESSAGE FROM THE CEO

Dear ERLACS Families,

During these difficult and uncertain times, Erie Rise Leadership Academy Charter School is committed to continue providing quality education while still maintaining the health, safety and welfare of our students and staff. As much as we want our school to operate at full capacity, we must follow the recommendations, guidelines and decisions set forth by our medical authorities regarding our school.

We are required to develop and implement a Health and Safety Plan for our school to ensure all students are being provided the best opportunities for academic growth while still allowing flexibility to our plan to meet every need.

This document should be considered adaptable, as it is subject to change based on the status of Erie County in reference to Covid-19 reopening phases. We are carefully planning school operations in all three phases (Red, Yellow and Green) and are eager to open in a safe manner for the 2020-2021 school year.

Thank you,

Aubrey Favors, Interim CEO
